Primary Care Breastfeeding Medicine Course for Physicians & other Providers Webinar* 21/1/9	Milk Expression During Employment Storage & Handling of Human Milk Abscesses Blebs Dermatitis Engorgement Herpes Simplex* Herpes Zoster Idiopathic Granulomatous Mastitis Low Milk Production - Real Mastitis Nipple Lesions Nipple Wound Management Plugged Ducts Pump Trauma Skin Tags Tubular Breast Deformity Vasospasm Yeast Infection Infant Suck Dynamics Infant Behavior at the Breast Breast Anatomy Colostrum Engorgement Hormonal Control of Lactation Insufficient Glandular Tissue Lactogenesis II Normal Breast Development Storage Capacity Anticipatory Guidance Group Support Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People Demographics Block Feeding Hyperlactation Induced Lactation Lactation During Pregnancy Low Milk Production - Perceived Low Milk Production - Real Slow Infant Weight Gain Tandem Nursing Weaning Bathing Infant Delay in Lactation Gestational Diabetes Indications for Supplementation Induction of Labor Intrapartum Antibiotic Use Intravenous IV Fluids for Parent Lactogenesis II, Failure of Methods of Supplementation Pacifiers Postpartum Hemorrhage Pre-Eclampsia Pregnancy-Induced Hypertension Retained Placental Fragment Separation of Lactating Parent and Newborn Sheehan's Syndrome Bottle Feeding Breast Pumps Cup Feeding Finger Feeding Hand Expression Flange Fitting for Pumps Nipple Shields Paced Bottle Feeding Scales Spoon Feeding Supplementation Methods Supplementers at the Breast WHO Code of Marketing of Breastmilk Substitutes Formula Feeding & Supplementation Exercise During Lactation Metabolic Syndrome Morbid Obesity PCOS Weight Changes Postpartum Ankyloglossia Infant Biting Infant Hyperbilirubinemia Infant Hypoglycemia Infant Thrush Bottle Preference Breast Refusal Infant Feeding Difficulties Infant Symptoms Due to Hyperlactation Infant Weight Loss Oroboobular Dysproportion Retrognathia Sleepy Infant Slow Infant Weight Gain Alcohol Cannabis Substance Use Disorder Foods That Influence Lactation or Human Milk Composition Galactogogues Herbs & Supplements Lactation Suppressants Medication Information Resources Pharmacologic Principles Tobacco Topical Medications for Nipples Breast Massage Feeding Frequency Hand Expression Infant Feeding Cues Infant Stooling & Voiding Latch & Positioning Lymphatic Breast Massage Maternal Diet During Lactation Nighttime Feedings Outpatient Follow Up After Hospital Discharge Reverse Pressure Softening Rooming In Skin to Skin Sudden Unexpected Neonatal Collapse Baby Friendly Hospital Initiative Duration of Breastfeeding Healthy People 2030 Outpatient Management of Lactation Hand Expression Late Preterm Skin to Skin Timing for Milk Expression When Separated Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations
Primary Care Breastfeeding Medicine Course for Physicians & other Providers Webinar* 22/01/08	Milk Expression During Employment Storage & Handling of Human Milk Abscesses Blebs Dermatitis Engorgement Herpes Simplex* Herpes Zoster Idiopathic Granulomatous Mastitis Low Milk Production - Real Mastitis Nipple Lesions Nipple Wound Management Plugged Ducts Pump Trauma Skin Tags Tubular Breast Deformity Vasospasm Yeast Infection Infant Suck Dynamics Infant Behavior at the Breast Breast Anatomy Colostrum Engorgement Hormonal Control of Lactation Insufficient Glandular Tissue Lactogenesis II Normal Breast Development Storage Capacity Anticipatory Guidance Group Support Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People Demographics Block Feeding Hyperlactation Induced Lactation Lactation During Pregnancy Low Milk Production - Perceived Low Milk Production - Real Slow Infant Weight Gain Tandem Nursing Weaning Bathing Infant Delay in Lactation Gestational Diabetes Indications for Supplementation Induction of Labor Intrapartum Antibiotic Use Intravenous IV Fluids for Parent Lactogenesis II, Failure of Methods of Supplementation Pacifiers Postpartum Hemorrhage Pre-Eclampsia Pregnancy-Induced Hypertension Retained Placental Fragment Separation of Lactating Parent and Newborn Sheehan's Syndrome Bottle Feeding Breast Pumps Cup Feeding Finger Feeding Hand Expression Flange Fitting for Pumps Nipple Shields Paced Bottle Feeding Scales Spoon Feeding Supplementation Methods Supplementers at the Breast WHO Code of Marketing of Breastmilk Substitutes Formula Feeding & Supplementation Exercise During Lactation Metabolic Syndrome Morbid Obesity PCOS Weight Changes Postpartum Ankyloglossia Infant Biting Infant Hyperbilirubinemia Infant Hypoglycemia Infant Thrush Bottle Preference Breast Refusal Infant Feeding Difficulties Infant Symptoms Due to Hyperlactation Infant Weight Loss Oroboobular Dysproportion Retrognathia Sleepy Infant Slow Infant Weight Gain Alcohol Cannabis Substance Use Disorder Foods That Influence Lactation or Human Milk Composition Galactogogues Herbs & Supplements Lactation Suppressants Medication Information Resources Pharmacologic Principles Tobacco Topical Medications for Nipples Breast Massage Feeding Frequency Hand Expression Infant Feeding Cues Infant Stooling & Voiding Latch & Positioning Lymphatic Breast Massage Maternal Diet During Lactation Nighttime Feedings Outpatient Follow Up After Hospital Discharge Reverse Pressure Softening Rooming In Skin to Skin Sudden Unexpected Neonatal Collapse Baby Friendly Hospital Initiative Duration of Breastfeeding Healthy People 2030 Outpatient Management of Lactation Hand Expression Late Preterm Skin to Skin Timing for Milk Expression When Separated Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations
Lactation: Beyond the Basics Webinar - 21/01/27	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome
Lactation: Beyond the Basics Webinar - 21/10/15	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Vaccines Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome
Lactation: Beyond the Basics Webinar - 22/02/04	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Vaccines Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome
Lactation: Beyond the Basics Webinar - May 2022	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Vaccines Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome
Lactation: Beyond the Basics Webinar - 21/04/29	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Vaccines Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome
Lactation: Beyond the Basics Webinar - 21/09/03	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Vaccines Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome

Lactation: Beyond the Basics Webinar - 21/03/30	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Vaccines Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome
Lactation: Beyond the Basics Webinar - 21/08/05	Storage & Handling of Human Milk Block Feeding Hyperlactation Nipple Shields Supplementation Methods HIV of the Lactating Parent Ovulation/Menstruation Ankyloglossia Gastroesophageal Reflux Disease Infant Food Protein GI Disorders Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Measuring Milk Transfer Slow Infant Weight Gain Contraception Galactogogues Lactation Suppressants Induced Lactation Vaccines Fortification Hand Expression Late Preterm Maintenance of Lactation Pumping in the NICU Oral Immune Care Timing for Milk Expression When Separated Transitioning the Infant to the Breast Advocate for Lactating Dyad in Healthcare System Infant Risks of Not Breastfeeding Maternal/Parental Risks of Not Breastfeeding Infant Contraindications & Special Considerations Maternal Contraindications & Special Considerations Bioactive Factors in Human Milk Composition Changes with Storage Diet of Lactating Parent on Milk Components Enteromammary Circulation Off Odor of Milk Infant Gut Microbiome
Case Discussion Webinar: A Case of Breast Inflammation at 4 Weeks Postpartum - 21/06/13	Engorgement Hyperlactation Mastitis Plugged Ducts Subacute Mastitis Culturing Breastmilk Infant Suck Dynamics Lactation Suppressants
Case Discussion Webinar: Lactation Anaphylaxis - 21/07/11	Allergies in the Lactating Parent Lactational Anaphylaxis or Urticaria Parental Illness/Conditions Other Than Diabetes (Autoimmune Disorders, & Infections)
Case Discussion Webinar: Sudden Loss of Milk Production 4 Months Postpartum - 21/08/08	Hormonal Control of Lactation Low Milk Production - Real Re-Lactation Maternal Head Injury Galactogogues
Case Discussion Webinar: Induction of Lactation for an Adoption - 21/10/10	Low Milk Production - Real Hormonal Control of Lactation Adoption and Lactation Anticipatory Guidance Induced Lactation Low Milk Production - Real Methods of Supplementation Galactogogues Outpatient Follow Up After Hospital Discharge
Case Discussion Webinar: Insufficient Milk Supply Due to Retained Placenta - 21/11/14	Hormonal Control of Lactation Low Milk Production - Real Retained Placental Fragment Formula Feeding & Supplementation Pasteurized Donor Human Milk Ankyloglossia
Case Discussion Webinar: A Case of Caring for an LGBTQ+ Couple Who Desire to Provide Breastmilk for Their Daughter - 21/12/12	Induced Lactation Equity & Inclusion Chest Feeding LGBT+
Case Discussion Webinar: The Medical Management of Nipple/Breast Wounds During Lactation - 21/12/11	Bite Wound Blebs Dermatitis Drain Placement Engorgement Fistula Herpes Simplex* Herpes Zoster Hyperkeratosis Montgomery Gland Inflammation Nipple Lesions Nipple Piercing Nipple Wound Management Pagets Pump Trauma Sebaceous Cysts Subacute Mastitis Vasospasm Topical Medications for Nipples
Case Discussion Webinar: Coding and Billing - 22/01/09	Billing for Parent &/or Infant
Case Discussion Webinar: A Case of Subacute Mastitis - 22/02/13	Abscesses Biopsy of Breast Idiopathic Granulomatous Mastitis Imaging of the Breast Pump Trauma
Case Discussion Webinar - March 2022	Anticipatory Guidance Multiples Separation of Lactating Parent and Newborn
Case Discussion Webinar: A Case of Severe, Unrelenting Breast Pain - April 2022	Chronic Pain Syndrome Vasospasm Culturing Breastmilk Postpartum Mood & Anxiety Disorders
Case Discussion Webinar: A Case of Allergic Proctocolitis - May 2022	Hyperlactation Infant Food Allergies Infant Food Protein GI Disorders Infant Symptoms Due to Hyperlactation Lactose in Human Milk
Case Discussion Webinar: A Case of Low Production Due to a Drop in Prolactin - June 2022	Low Milk Production - Real Hormonal Control of Lactation Low Milk Production - Real Ovulation/Menstruation Galactogogues
Case Discussion Webinar: A Case of Strep Mastitis - Putting the new ABM Mastitis Protocol to Practice - August 2022	Mastitis Bottle Preference Breast Refusal
Case Discussion Webinar: A Case of Bottle Refusal - Sept 2022	Bottle Feeding Cup Feeding Paced Bottle Feeding Infant Oromotor Pathology Breast Refusal Infant Feeding Difficulties Infant Anatomy & Oral Exam
Case Discussion Webinar: A Case of Slow Infant Growth - Oct 2022	Infant Behavior at the Breast Low Milk Production - Perceived Slow Infant Weight Gain Ankyloglossia Infant Torticollis Infant Weight Loss Oroboobular Dysproportion Slow Infant Weight Gain Infant Anatomy & Oral Exam Infant Growth & Development
Case Discussion Webinar: A Case of Fussiness at the Breast - Nov 2022	Infant Behavior at the Breast Slow Infant Weight Gain Gastroesophageal Reflux Disease Infant Food Allergies Infant Food Protein GI Disorders Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Infant Growth & Development Infant Growth Charts
Case Discussion Webinar: Lactation in a Cardiac Patient - Dec 2022	
Case Discussion Webinar - RSV - Jan 2023	Infant Hospitalization Infant Respiratory Disease Maintenance of Lactation
Case Discussion Webinar - Milk Transfer - Feb 2023	Low Milk Production - Real Infant Behavior at the Breast Low Milk Production - Real Pre & Post Feed Weights Paced Bottle Feeding Bottle Preference Measuring Milk Transfer
Case Discussion Webinar - Breast Reduction - March 2023	Low Milk Production - Real Reduction Mammoplasty Antenatal Colostrum Expression Anticipatory Guidance Low Milk Production - Real Methods of Supplementation Supplementation Methods Formula Feeding & Supplementation Complementary Feeding
Case Discussion Webinar - Vasospasm - April 2023	Vasospasm Ankyloglossia
Case Discussion Webinar - Mastitis - May 2023	Hyperlactation Mastitis Breast Anatomy Engorgement Hormonal Control of Lactation Storage Capacity Anticipatory Guidance Care Plan Development & Sharing Hyperlactation Breast Pumps Lymphatic Breast Massage
Case Discussion Webinar - Thyroid - June 2023	Low Milk Production - Real Low Milk Production - Real Thyroid Disease
Case Discussion Webinar - Dermatitis - July 2023	Dermatitis Nipple Lesions Uncommon Breast Pathology
Case Discussion Webinar - Latch - August 2023	Infant Behavior at the Breast Care Plan Development & Sharing Nipple Shields Supplementation Methods Bottle Preference Fussy Breastfed Infant Infant Feeding Difficulties Latch & Positioning Skin to Skin
Case Discussion Webinar - Bipolar Disorder - September 2023	Anticipatory Guidance Postpartum Mood & Anxiety Disorders
Case Discussion Webinar - Premature Twins - October 2023	Anticipatory Guidance Multiples Separation of Lactating Parent and Newborn
Case Discussion Webinar - Herpes Simplex - November 2023	Herpes Simplex* Herpes Zoster Nipple Lesions Nipple Wound Management
Case Discussion Webinar - Hemolytic Disease - December 2023	Hemolytic Disease of Newborn Antibodies in Human Milk
Case Discussion Webinar - Lactational Amenorrhea - January 2024	Hormonal Control of Lactation Lactation Amenorrhea Method Ovulation/Menstruation
Case Discussion Webinar - Lactation Team - February 2024	Care Plan Development & Sharing Counseling Principles Educating Professionals, Students Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People Professional Conduct Breastfeeding Supportive Medical Office Outpatient Management of Lactation Advocate for Lactating Dyad in Healthcare System
Case Discussion Webinar - Neuropathic Pain - March 2024	Chronic Pain Syndrome Uncommon Breast Pathology Vasospasm Yeast Infection Care Plan Development & Sharing Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People
Case Discussion Webinar - Hospitalization - April 2024	Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People Hospitalization of the Lactating Parent Surgery During Lactation Infant Hospitalization Anesthesia During Lactation Contraindicated Medications Advocate for Lactating Dyad in Healthcare System
Case Discussion Webinar - Group B Sepsis - May 2024	Storage & Handling of Human Milk Mastitis Culturing Breastmilk Care Plan Development & Sharing Infant Infectious Disease Importance of Human Milk for the Premature or Ill Infant
Case Discussion Webinar - Breast Abscess - June 2024	Abscesses Hyperlactation Culturing Breastmilk Care Plan Development & Sharing Weaning
Case Discussion Webinar - Low Glandular Tissue - July 2024	Low Milk Production - Real Tubular Breast Deformity Insufficient Glandular Tissue Slow Infant Weight Gain Paced Bottle Feeding Supplementers at the Breast Formula Feeding & Supplementation Insulin Resistance Milk Sharing Galactogogues
Case Discussion Webinar: LARC and Suppressed Lactation - 21/04/11	Low Milk Production - Real Hormonal Control of Lactation Lactation Amenorrhea Method Low Milk Production - Real Contraception Lactation Suppressants
Case Discussion Webinar: What's that Nipple Lesion? - 21/05/09	Breast Cancer When Diagnosing During Lactation Dermatitis Nipple Wound Management
Clinician Series - NICU Toolkit - Sept 2023	Working with Lactation Consultants or Other Allied Health Professionals Anticipatory Guidance Care Plan Development & Sharing Empowerment, Self-Efficacy Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People Methods of Supplementation Bottle Feeding Breast Pumps Paced Bottle Feeding Postpartum Mood & Anxiety Disorders Feeding Frequency Hand Expression Infant Feeding Cues Latch & Positioning Outpatient Follow Up After Hospital Discharge Breastmilk Fortification Cue Based Feeding Establishment of Successful Lactation Feeding Plans for the NICU Graduate Fortification Importance of Human Milk for the Premature or Ill Infant Late Preterm Maintenance of Lactation Pumping in the NICU Skin to Skin Developmental Milestones Infant Growth & Development Infant Nutritional Requirements Infant Growth Charts Vitamin & Nutrient Supplementation
Clinician Series - BFMed Practice - Oct 2023	Establishing a Practice Breastfeeding Supportive Medical Office Apply Evidence-Based Practice
Clinician Series - Billing & Coding - Nov 2023	Billing for Parent &/or Infant Documentation Working with Lactation Consultants or Other Allied Health Professionals
Clinician Series - Telehealth - Dec 2023	Telehealth Empowerment, Self-Efficacy Group Support Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People
Clinician Series - Breastfeeding Equity - Jan 2024	Equity & Inclusion Professional Conduct Community Support Programs Advocate for Lactating Dyad in Healthcare System Develop Lactation Related Policies
Clinician Series - Metabolic Disorders - Feb 2024	Indications for Supplementation Infant Metabolic Diseases
Clinician Series - Office Templates & Scheduling - Feb 2024	Business Planning Documentation Establishing a Practice Telehealth
Clinician Series - QI Project - March 2024	Apply Evidence-Based Practice BF Rates in One's Community & Country Design Research to Develop Policies & Protocols Identify Research Design Methodology Participate in Surveys & Data Collection
Clinician Series - Teaching - April 2024	Educating Professionals, Students
Clinician Series - Teaming Up - May 2024	Community Support Programs Advocate for Lactating Dyad in Healthcare System Develop Lactation Related Policies
Clinician Series - Wounds During Lactation - June 2024	Nipple Lesions Uncommon Breast Pathology Infant Neurologic Exam Infant Suck Dynamics

Comprehensive Clinical Breastfeeding Medicine Course Sept. 2020	<p>Infant Feeding Changes When Back to Work Milk Expression During Employment Storage & Handling of Human Milk Abscesses Augmentation of Breasts Axillary (Accessory) Breast Tissue Biopsy of Breast Bite Wound Blebs Breast Cancer When Diagnosing During Lactation Breast Cancer - Lactation After Diagnosis & Treatment Breast Cancer Screening During Lactation Breast Radiation Chronic Pain Syndrome Dermatitis Drain Placement Edema During Pregnancy Engorgement Fibroadenomas Fistula Galactoceles Gender Affirming Breast Surgery Gigantomastia Herpes Simplex* Herpes Zoster Hyperkeratosis Hyperlactation Idiopathic Granulomatous Mastitis Imaging of the Breast Lactation-Associated Breast Masses Low Milk Production - Real Mastitis Montgomery Gland Inflammation MRSA Mastitis Nipple Discharge, Pathologic Nipple Inversion Nipple Lesions Nipple Piercing Nipple Wound Management Non-Lactation Associated Breast Masses Pagets Phlegmon Plugged Ducts Poland Syndrome Pump Trauma Reduction Mammoplasty Sebaceous Cysts Skin Tags Subacute Mastitis Supernumerary or Accessory Nipples Tubular Breast Deformity Uncommon Breast Pathology Vasospasm Yeast Infection Infant Head & Neck Exam Infant Neurologic Exam Breast Exam Culturing Breastmilk Infant Suck Dynamics Infant Behavior at the Breast Baby Friendly for Providers Working with Lactation Consultants or Other Allied Health Professionals Breast Anatomy Colostrum Engorgement Feedback Inhibition of Lactation Hormonal Control of Lactation Insufficient Glandular Tissue Lactogenesis II Lymph Node Changes Montgomery Glands Lactiferous Sinuses Normal Breast Development Radiologic Changes During Lactation Rusty Pipe Syndrome Storage Capacity Adoption and Lactation Anticipatory Guidance Care Plan Development & Sharing Counseling Principles Emotional Support Empowerment, Self-Efficacy Prenatal Breast Evaluation Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People Demographics Assessment of Infant Intake Block Feeding Hyperlactation Induced Lactation Lactation During Pregnancy Low Milk Production - Perceived Low Milk Production - Real Multiples Pre & Post Feed Weights Re-Lactation Slow Infant Weight Gain Tandem Nursing Weaning Bathing Infant Cesarean Birth Delay in Lactation Gestational Diabetes Indications for Supplementation Lactogenesis II, Failure of Methods of Supplementation Pacifiers Postpartum Hemorrhage Pre-Eclampsia Pregnancy-Induced Hypertension Retained Placental Fragment Separation of Lactating Parent and Newborn Sheehan's Syndrome Vacuum Delivery Bottle Feeding Breast Pumps Cup Feeding Finger Feeding Hand Expression Flange Fitting for Pumps Nipple Shields Paced Bottle Feeding Scales Spoon Feeding Supplementation Methods Supplementers at the Breast WHO Code of Marketing of Breastmilk Substitutes Formula Feeding & Supplementation Dysfunctional Milk Ejection Reflex Exercise During Lactation HIV of the Lactating Parent Ovulation/Menstruation PCOS Thyroid Disease Type 2 Diabetes Pasteurized Donor Human Milk Ankyloglossia Gastroesophageal Reflux Disease Infant Biting Infant Food Protein GI Disorders Infant Hyperbilirubinemia Infant Hypoglycemia Infant Oromotor Pathology Infant Thrush Infant Torticollis Bottle Preference Breast Refusal Fussy Breastfed Infant Infant Feeding Difficulties Infant Symptoms Due to Hyperlactation Infant Weight Loss Measuring Milk Transfer Oroboobular Dysproportion Retrognathia Sleepy Infant Slow Infant Weight Gain Alcohol Anesthesia During Lactation Cannabis Chemotherapy Contraindicated Medications Substance Use Disorder Foods That Influence Lactation or Human Milk Composition Galactagogues Herbs & Supplements Lactation Suppressants Major Categories of Medications During Lactation Medication Information Resources Opioids Induced Lactation Pharmacologic Principles Placental Ingestion Tobacco Breast Massage Feeding Frequency Hand Expression Infant</p>

Abstract Reviews Regarding Breast Conditions and Lactation	Breast Cancer Screening During Lactation Rusty Pipe Syndrome
Abstract Reviews Regarding Child Benefits of Breastfeeding	Infant Risks of Not Breastfeeding
Abstract Reviews Regarding Components of Human Milk	Bioactive Factors in Human Milk Fatty Acids in Human Milk Lactose in Human Milk Melatonin in Human Milk
Abstract Reviews Regarding SARS-CoV-2 and Lactation	SARS CoV2 Vaccines
Abstract Reviews Regarding Breastfeeding Demographics	Demographics
Abstract Reviews Regarding Issues of Formula Supplementation	Indications for Supplementation Formula Feeding & Supplementation
Abstract Reviews Regarding Infant Illnesses During Lactation	Infant Chylothorax Infant Congenital Anomalies Infant Food Allergies
Abstract Reviews Regarding Weight Changes Among Term Breastfed Newborns	Infant Weight Loss
Abstract Reviews Regarding Medications for Lactation Problems	Galactogogues Lactation Suppressants
Abstract Reviews Regarding Prevention of Mastitis	Mastitis Probiotics During Lactation
Abstract Reviews Regarding Maternal Diet, Exercise, and Supplements During Lactation	Exercise During Lactation Vitamins Maternal Diet During Lactation
Abstract Reviews Regarding Maternal Benefits of Breastfeeding	Weight Changes Postpartum Maternal/Parental Risks of Not Breastfeeding
Abstract Reviews Regarding Breastfeeding and Maternal Health Issues	Bone Density in the Lactating Mother Hepatitis B of the Lactating Parent Maternal/Parental Risks of Not Breastfeeding
Abstract Reviews Regarding Medications and Substances During Lactation	Maternal Lead Toxicity Opioids Probiotics During Lactation
Abstract Reviews Regarding Lactation for Parents with Health Conditions	Miscarriage Type 1 Diabetes Uterine Fibroids
Abstract Reviews Regarding Maternal Depression and Mood Disorders During Lactation	Dysfunctional Milk Ejection Reflex Postpartum Mood & Anxiety Disorders
Abstract Reviews Regarding Breastfeeding the Premature Infant	Bottle Feeding Cup Feeding Finger Feeding Nipple Shields Supplementation Methods Oral Immune Care Infant Risks of Not Breastfeeding
Abstract Reviews Regarding Complementary Feeding	Infant Food Allergies Complementary Feeding
Case Presentation on Billing and Coding for Lactation - eCourse	Billing for Parent &/or Infant
Case Presentation of Bottle Refusal - eCourse	Bottle Feeding Cup Feeding Paced Bottle Feeding Infant Oromotor Pathology Breast Refusal Infant Feeding Difficulties Infant Anatomy & Oral Exam
Case Presentation of Anticipatory Guidance for a Parent with a History of Breast Reduction - eCourse	Reduction Mammoplasty Storage Capacity Antenatal Colostrum Expression Anticipatory Guidance Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People Low Milk Production - Real Methods of Supplementation Bottle Feeding Supplementation Methods Formula Feeding & Supplementation Galactogogues
Case Presentation of The Fussy Breastfed Infant - eCourse	Infant Behavior at the Breast Breast Refusal Fussy Breastfed Infant Infant Feeding Cues
Case Presentation of a Lactating Woman With a Drop in Milk Production After a Head Injury	Hormonal Control of Lactation Low Milk Production - Real Maternal Head Injury Parental Illness/Conditions Other Than Diabetes (Autoimmune Disorders, & Infections)
Case Presentation on Breast Pain	Hyperlactation Hormonal Control of Lactation Block Feeding Infant Symptoms Due to Hyperlactation Lactation Suppressants
Case Presentation of a Female Desiring Induction of Lactation for Adoption	Low Milk Production - Real Hormonal Control of Lactation Adoption and Lactation Anticipatory Guidance Induced Lactation Low Milk Production - Real Methods of Supplementation Galactogogues Outpatient Follow Up After Hospital Discharge
Case Presentation of Lactation Anaphylaxis	Allergies in the Lactating Parent Lactational Anaphylaxis or Urticaria Parental Illness/Conditions Other Than Diabetes (Autoimmune Disorders, & Infections)
Case Presentation of Mastitis	Abscesses Biopsy of Breast Idiopathic Granulomatous Mastitis Imaging of the Breast Pump Trauma
Case Presentation of a Breastfeeding Dyad with Insufficient Milk Transfer and Borderline Milk Production - eCourse	Low Milk Production - Real Insufficient Glandular Tissue Care Plan Development & Sharing Empowerment, Self-Efficacy Assessment of Infant Intake Low Milk Production - Real Pre & Post Feed Weights Slow Infant Weight Gain Supplementation Methods Infant Feeding Difficulties Measuring Milk Transfer Galactogogues
Case Presentation of a Lactating Mother with a Neurological Illness	Maternal Epilepsy Maternal Multiple Sclerosis Maternal Headaches Maternal Myasthenia Gravis Physical Disabilities Neonatal Myasthenia Gravis Establishment of Successful Lactation
Case Presentation of a Variety of Nipple Lesions	Dermatitis Herpes Simplex* Herpes Zoster Hyperkeratosis Nipple Discharge, Pathologic Nipple Lesions Sebaceous Cysts
Case Presentation on Counseling the Pregnant Mother with a History of Insufficient Glandular Tissue eCourse	Documentation Working with Lactation Consultants or Other Allied Health Professionals Insufficient Glandular Tissue Anticipatory Guidance Care Plan Development & Sharing Assessment of Infant Intake Low Milk Production - Real Supplementation Methods Infant Weight Loss Galactogogues Outpatient Follow Up After Hospital Discharge Establishment of Successful Lactation
Case Presentation of a Breastfeeding Infant with Proctocolitis - eCourse	Hyperlactation Infant Food Allergies Infant Food Protein GI Disorders Infant Symptoms Due to Hyperlactation Lactose in Human Milk
Case Presentation of Low Milk Production Related to a Drop in Prolactin Level - eCourse	Low Milk Production - Real Infant Suck Dynamics Low Milk Production - Real
Case Presentation of a Breastfed Infant with Acute Respiratory Distress due to Respiratory Syncytial Virus (RSV) Infection - eCourse	Hyperlactation Bottle Feeding Infant Infectious Disease Infant Respiratory Disease Infant Feeding Difficulties Infant Symptoms Due to Hyperlactation Advocate for Lactating Dyad in Healthcare System Bioactive Factors in Human Milk Enteromammary Circulation
Case Presentation of a Lactating Mother with Severe Deep Breast Pain - eCourse	Chronic Pain Syndrome Vasospasm Culturing Breastmilk Postpartum Mood & Anxiety Disorders
Case Presentation of Slow Infant Weight Gain - eCourse	Infant Suck Dynamics Infant Behavior at the Breast Care Plan Development & Sharing Assessment of Infant Intake Slow Infant Weight Gain Bottle Feeding Ankyloglossia Gastroesophageal Reflux Disease Infant Feeding Difficulties Measuring Milk Transfer Oroboobular Dysproportion Retrognaethia Sleepy Infant Slow Infant Weight Gain
Case Presentation of Subacute Mastitis - eCourse	Mastitis Serratia Marcescens Mastitis Subacute Mastitis Care Plan Development & Sharing Probiotics During Lactation
Case Presentation of a Transgender Woman Desiring Induction of Lactation	Low Milk Production - Real Induced Lactation Low Milk Production - Real Chest Feeding LGBT+ Galactogogues
Case Presentation of Anticipatory Guidance of Breastfeeding for a Pregnant Person with Twins - eCourse	Anticipatory Guidance Multiples Separation of Lactating Parent and Newborn
The Medical Management of Nipple/Breast Wounds During Lactation	Bite Wound Blebs Dermatitis Drain Placement Engorgement Fistula Herpes Simplex* Herpes Zoster Hyperkeratosis Montgomery Gland Inflammation Nipple Lesions Nipple Piercing Nipple Wound Management Pagets Pump Trauma Sebaceous Cysts Subacute Mastitis Vasospasm Topical Medications for Nipples
