Instructions

Scroll through this document or click on a course in the index below to find the topics associated with our [eCourses](#). Our eCourses are divided into categories (Abstract Reviews, Cases, etc.) to help you find your course.

Abstract Reviews 2

Breast Conditions and Lactation	2
Breastfeeding & Maternal Health Issues	2
Breastfeeding Demographics	2
Breastfeeding the Premature Infant	2
Child Benefits of Breastfeeding	2
Complementary Feeding	2
Components of Human Milk	2
Infant Illnesses During Lactation	2
Issues Regarding Formula Supplementation	2
Lactation for Parents with Health Conditions	2
Maternal Benefits of Breastfeeding	2
Maternal Diet, Exercise, & Supplements During Lactation	2
Maternal Postpartum Depression & Mood Disorders	3
Medications and Substances During Lactation	3
Medications for Lactation Problems	3
Prevention of Mastitis	3
SARS CoV-2 and Lactation	3
Weight Changes Among Term Breastfed Newborns	3

Cases 3

202010 - Mother with a Neurological Illness	3
202012 - Breast Pain (Hyperlactation)	3
202102 - Insufficient Glandular Tissue	3
202103 - Idiopathic Granulomatous Mastitis	4
202105 - Nipple Lesions	4
Case- 202201- Billing and Coding	4
Case - 202202 Subacute Mastitis	4
Case Presentation of a Transgender Woman Desiring Induction of Lactation	4
Head Injury	4
Induced Lactation for Adoption	4
Lactation Anaphylaxis	4

Courses 5

Basics of Breastfeeding Support for the NICU or PICU Dyad	5
BF Med for Physicians & Other Providers - Live	5
Intro to BF for Breast Surgeons	6

Outpatient Breastfeeding Champion	6
Primary Care Breastfeeding Medicine Course for Physicians & Other Providers - eCourse	7

Lectures 8

Anatomy and Physiology of Lactation	8
Baby Friendly	9
Breastfeeding Policies and Demographics	9
Components of Breastmilk, Risks of Not Breastfeeding, Current Recommendations	9
Contraception During Breastfeeding	9
Differential Diagnosis of Low Milk Supply	9
Differential Diagnosis of Nipple & Breast Pain During Lactation	9
How Maternal Diet Influences Breastmilk- Eat in At Moms	10
Infant Allergic GI Disorders	10
Lactation Among Women and Parents Living with HIV: Evidence for a Change in US Policy – eCourse	10
Latch and Positioning, and Examining the Dyad	10
Maternal Health Issues During Lactation- Contraception, Medications, Breast Imaging	10
Nipple/Breast Wounds	11
Optimizing Breastfeeding Support During the First Few Weeks Postpartum	11
Persistent Environmental Toxicants in Human Milk	11
Pump Technology, Devices and Milk Storage	11
Saving Tiny Lives with Human Milk- Employing BFHI in the Neonatal Special Care Units	12
The Immediate Postpartum Period	12
Top Research Articles 2020	12

Literature Review 12

Literature Review - Bedsharing & Breastfeeding	12
Literature Review - Cleft Lip &/or Palate	12
Literature Review - Hyperbilirubinemia	12
Literature Review - Infant Insulin Dependent diabetes	12
Literature Review - Supporting Lactating Dyad During Hospitalization	12
Literature Review - Lactation Care for the LGBTQ+ Individuals	13

Abstract Reviews

Breast Conditions and Lactation

Breast Cancer Screening During Lactation
Rusty Pipe Syndrome

Breastfeeding & Maternal Health Issues

Bone Density in the Lactating Mother
Hepatitis B of the Lactating Parent
Maternal/Parental Risks of Not Breastfeeding

Breastfeeding Demographics

Demographics

Breastfeeding the Premature Infant

Bottle Feeding
Cup Feeding
Finger Feeding
Infant Risks of Not Breastfeeding
Nipple Shields
Oral Immune Care
Supplementation Methods

Child Benefits of Breastfeeding

Infant Risks of Not Breastfeeding

Complementary Feeding

Complementary Feeding
Infant Food Allergies

Components of Human Milk

Bioactive Factors in Human Milk
Fatty Acids in Human Milk
Lactose in Human Milk
Melatonin in Human Milk

Infant Illnesses During Lactation

Infant Chylothorax
Infant Congenital Anomalies
Infant Food Allergies

Issues Regarding Formula Supplementation

Formula Feeding & Supplementation
Indications for Supplementation

Lactation for Parents with Health Conditions

Miscarriage
Type 1 Diabetes
Uterine Fibroids

Maternal Benefits of Breastfeeding

Maternal/Parental Risks of Not Breastfeeding
Weight Changes Postpartum

Maternal Diet, Exercise, & Supplements During Lactation

Exercise During Lactation

Maternal Diet During Lactation

Vitamins

Maternal Postpartum Depression & Mood Disorders

Dysfunctional Milk Ejection Reflex

Postpartum Mood & Anxiety Disorders

Medications and Substances During Lactation

Maternal Lead Toxicity

Opioids

Probiotics During Lactation

Medications for Lactation Problems

Galactagogues

Lactation Suppressants

Prevention of Mastitis

Mastitis

Probiotics During Lactation

SARS CoV-2 and Lactation

SARS CoV2

Vaccines

Weight Changes Among Term Breastfed Newborns

Infant Weight Loss

Cases

202010 - Mother with a Neurological Illness

Establishment of Successful Lactation

Maternal Epilepsy

Maternal Headaches

Maternal Multiple Sclerosis

Maternal Myasthenia Gravis

Neonatal Myasthenia Gravis

Physical Disabilities

202012 - Breast Pain (Hyperlactation)

Block Feeding

Hormonal Control of Lactation

Hyperlactation

Infant Symptoms Due to Hyperlactation

Lactation Suppressants

202102 - Insufficient Glandular Tissue

Anticipatory Guidance

Assessment of Infant Intake

Care Plan Development & Sharing

Documentation

Establishment of Successful Lactation

Galactagogues

Infant Weight Loss

Insufficient Glandular Tissue

Low Milk Production - Real

Outpatient Follow Up After Hospital Discharge
Supplementation Methods
Working with Lactation Consultants or Other Allied Health Professionals

202103 - Idiopathic Granulomatous Mastitis

Abscesses
Biopsy of Breast
Idiopathic Granulomatous Mastitis
Imaging of the Breast
Pump Trauma

202105 - Nipple Lesions

Dermatitis
Herpes Simplex
Herpes Zoster
Hyperkeratosis
Nipple Discharge, Pathologic
Nipple Lesions
Sebaceous Cysts

Case- 202201- Billing and Coding

Billing for Parent &/or Infant

Case - 202202 Subacute Mastitis

Mastitis
Probiotics During Lactation
Serratia Marcescens Mastitis
Subacute Mastitis

Case Presentation of a Transgender Woman Desiring Induction of Lactation

Chest Feeding
Galactagogues
Induced Lactation
LGBTI+
Low Milk Production - Real
Low Milk Production - Real

Head Injury

Hormonal Control of Lactation
Low Milk Production - Real
Maternal Head Injury
Parental Illness/Conditions Other Than Diabetes (Autoimmune Disorders, & Infections)

Induced Lactation for Adoption

Adoption and Lactation
Anticipatory Guidance
Galactagogues
Hormonal Control of Lactation
Induced Lactation
Low Milk Production - Real
Low Milk Production - Real
Methods of Supplementation
Outpatient Follow Up After Hospital Discharge

Lactation Anaphylaxis

Allergies in the Lactating Parent
Lactational Anaphylaxis or Urticaria
Parental Illness/Conditions Other Than Diabetes (Autoimmune Disorders, & Infections)

Courses

Basics of Breastfeeding Support for the NICU or PICU Dyad

Alcohol	Galactogogues	Normal Breast Development
Antenatal Colostrum Expression	Hand Expression	Opioids
Assessment of Infant Intake	Hand Expression	Oral Immune Care
Baby Friendly Hospital Initiative	Hand Expression	Paced Bottle Feeding
Bioactive Factors in Human Milk	Hormonal Control of Lactation	Pacifiers
Breast Anatomy	Hyperlactation	Pasteurized Donor Human Milk
Breast Pumps	Importance of Human Milk for the	Pharmacologic Principles
Breastmilk Fortification	Premature or Ill Infant	Postpartum Mood & Anxiety
Cannabis	Infant Contraindications & Special	Disorders
Colored Milk	Considerations	Prenatal & Postpartum Counseling
Colostrum	Infant Feeding Cues	for the Lactating Parent &
Composition Changes with Storage	Infant Risks of Not Breastfeeding	Family/Support People
Comprehensive NICU	Lactation Suppressants	Pumping in the NICU
Contraindicated Medications	Lactogenesis II	Separation of Lactating Parent and
Counseling Principles	Lactogenesis II, Failure of	Newborn
Cue Based Feeding	Latch & Positioning	Skin to Skin
Cup Feeding	Late Preterm	Skin to Skin
Delay in Lactation	Low Milk Production - Real	Sleepy Infant
Demographics	Lymphatic Breast Massage	Storage & Handling of Human Milk
Emotional Support	Macronutrient Composition of	Storage Capacity
Engorgement	Human Milk	Sudden Unexpected Neonatal
Equity & Inclusion	Maintenance of Lactation	Collapse
Establishment of Successful	Maternal Contraindications &	Supplementation Methods
Lactation	Special Considerations	Timing for Milk Expression When
Feeding Frequency	Maternal Diet During Lactation	Separated
Feeding Plans for the NICU	Maternal/Parental Risks of Not	Tobacco
Graduate	Breastfeeding	Transitioning the Infant to the
Finger Feeding	Measuring Milk Transfer	Breast
Flange Fitting for Pumps	Motivational Interviewing	Vaccines
Fortification	Nipple Shields	

BF Med for Physicians & Other Providers - Live

Abscesses	Demographics	Hand Expression
Alcohol	Dermatitis	Healthy People 2030
Anticipatory Guidance	Drugs of Abuse	Herbs & Supplements
Baby Friendly Hospital Initiative	Duration of Breastfeeding	Herpes Simplex
Bathing Infant	Engorgement	Herpes Zoster
Blebs	Engorgement	Hormonal Control of Lactation
Block Feeding	Exercise During Lactation	Hyperlactation
Bottle Preference	Feeding Frequency	Indications for Supplementation
Breast Anatomy	Finger Feeding	Infant Behavior at the Breast
Breast Massage	Foods That Influence Lactation or	Infant Contraindications & Special
Breast Pumps	Human Milk Composition	Considerations
Cannabis	Galactogogues	Infant Feeding Cues
Cup Feeding	Group Support	Infant Feeding Difficulties
Delay in Lactation	Hand Expression	Infant Hyperbilirubinemia

Infant Risks of Not Breastfeeding
Infant Stooling & Voiding
Infant Suck Dynamics
Infant Symptoms Due to
Hyperlactation
Infant Torticollis
Infant Weight Loss
Insufficient Glandular Tissue
Lactation Suppressants
Lactogenesis II
Lactogenesis II, Failure of
Latch & Positioning
Late Preterm
Low Milk Production - Real
Mastitis
Maternal Contraindications &
Special Considerations
Maternal/Parental Risks of Not
Breastfeeding
Medication Information Resources

Methods of Supplementation
Nipple Shields
Nipple Wound Management
Normal Breast Development
Oroboobular Dysproportion
Outpatient Follow Up After
Hospital Discharge
Outpatient Management of
Lactation
Paced Bottle Feeding
Pacifiers
Pharmacologic Principles
Plugged Ducts
Postpartum Hemorrhage
Pre-Eclampsia
Prenatal & Postpartum Counseling
for the Lactating Parent &
Family/Support People
Retained Placental Fragment
Retrognathia

Reverse Pressure Softening
Rooming In
Scales
Sheehan's Syndrome
Skin to Skin
Sleepy Infant
Storage Capacity
Subacute Mastitis
Sudden Unexpected Neonatal
Collapse
Supplementation Methods
Supplementers at the Breast
Tandem Nursing
Tobacco
Topical Medications for Nipples
Vasospasm
Weaning
Weight Changes Postpartum
Yeast Infection

Intro to BF for Breast Surgeons

Abscesses
Augmentation of Breasts
Axillary (Accessory) Breast Tissue
Biopsy of Breast
Blebs
Breast Anatomy
Breast Cancer - Lactation After
Diagnosis & Treatment
Breast Cancer Screening During
Lactation
Breast Cancer When Diagnosing
During Lactation
Breast Radiation
Chronic Pain Syndrome
Culturing Breastmilk
Dermatitis
Drain Placement
Edema During Pregnancy
Engorgement
Engorgement
Fibroadenomas
Fistula

Galactoceles
Gender Affirming Breast Surgery
Gigantomastia
Herpes Simplex
Herpes Zoster
Hyperkeratosis
Hyperlactation
Idiopathic Granulomatous Mastitis
Imaging of the Breast
Lactation-Associated Breast
Masses
Lactiferous Sinuses
Latch & Positioning
Lymph Node Changes
Lymphatic Breast Massage
Mastitis
Montgomery Glands
Nipple Inversion
Nipple Lesions
Nipple Piercing
Nipple Wound Management

Non-Lactation Associated Breast
Masses
Normal Breast Development
Pagets
Phlegmon
Plugged Ducts
Poland Syndrome
Pump Trauma
Radiologic Changes During
Lactation
Reduction Mammoplasty
Rusty Pipe Syndrome
Sebaceous Cysts
Skin Tags
Subacute Mastitis
Supernumerary or Accessory
Nipples
Tubular Breast Deformity
Uncommon Breast Pathology
Vasospasm
Yeast Infection

Outpatient Breastfeeding Champion

Abscesses
Alcohol
Anticipatory Guidance
Assessment of Infant Intake
Augmentation of Breasts
Baby Friendly Hospital Initiative
Bathing Infant

Bioactive Factors in Human Milk
Blebs
Block Feeding
Bottle Feeding
Bottle Preference
Breast Anatomy
Breast Massage

Breast Pumps
Breast Radiation
Breast Refusal
Cannabis
Chemotherapy
Chest Feeding
Child Care Resources

Colostrum
 Complementary Feeding
 Composition Changes with Storage
 Contraception
 Contraindicated Medications
 Counseling Principles
 Cup Feeding
 Delay in Lactation
 Demographics
 Dermatitis
 Drugs of Abuse
 Duration of Breastfeeding
 Educational Resources
 Emotional Support
 Empowerment, Self-Efficacy
 Engorgement
 Engorgement
 Feeding Frequency
 Finger Feeding
 Flange Fitting for Pumps
 Fussy Breastfed Infant
 Galactogogues
 Gender Affirming Breast Surgery
 Hand Expression
 Hand Expression
 Healthy People 2030
 Herpes Simplex
 Herpes Zoster
 Hormonal Control of Lactation
 Hyperlactation
 Hyperlactation
 Indications for Supplementation
 Induced Lactation
 Infant Behavior at the Breast
 Infant Biting
 Infant Contraindications & Special Considerations
 Infant Feeding Changes When Back to Work
 Infant Feeding Cues
 Infant Feeding Difficulties
 Infant Growth & Development
 Infant Growth Charts

Infant Risks of Not Breastfeeding
 Infant Stooling & Voiding
 Infant Suck Dynamics
 Infant Symptoms Due to Hyperlactation
 Infant Thrush
 Infant Torticollis
 Infant Weight Loss
 Insufficient Glandular Tissue
 Lactation Suppressants
 Lactogenesis II
 Lactogenesis II, Failure of Latch & Positioning
 Late Preterm
 Legislative Policies Protecting Worker Rights
 Low Milk Production - Perceived
 Low Milk Production - Real
 Low Milk Production - Real
 Lymph Node Changes
 Lymphatic Breast Massage
 Mastitis
 Maternal Contraindications & Special Considerations
 Maternal Diet During Lactation
 Maternal/Parental Risks of Not Breastfeeding
 Measuring Milk Transfer
 Medication Information Resources
 Methods of Supplementation
 Milk Expression During Employment
 Montgomery Glands
 Nighttime Feedings
 Nipple Discharge, Pathologic
 Nipple Inversion
 Nipple Piercing
 Nipple Shields
 Nipple Wound Management
 Normal Breast Development
 Oroboobular Dysproportion
 Outpatient Follow Up After Hospital Discharge

Outpatient Management of Lactation
 Paced Bottle Feeding
 Pacifiers
 Pharmacologic Principles
 Plugged Ducts
 Postpartum Hemorrhage
 Pre & Post Feed Weights
 Prenatal & Postpartum Counseling for the Lactating Parent & Family/Support People
 Prenatal Breast Evaluation
 Pump Trauma
 Reduction Mammoplasty
 Retained Placental Fragment
 Reverse Pressure Softening
 Rooming In
 Separation of Lactating Parent and Newborn
 Skin to Skin
 Skin to Skin
 Sleepy Infant
 Slow Infant Weight Gain
 Spoon Feeding
 Storage & Handling of Human Milk
 Storage Capacity
 Subacute Mastitis
 Supplementation Methods
 Supplementers at the Breast
 Tandem Nursing
 Tobacco
 Topical Medications for Nipples
 Tubular Breast Deformity
 Vasospasm
 Vitamin & Nutrient Supplementation
 Weaning
 Working with Lactation
 Consultants or Other Allied Health Professionals
 Yeast Infection

Primary Care Breastfeeding Medicine Course for Physicians & Other Providers - eCourse

Abscesses
 Alcohol
