A Clinical Breastfeeding Medicine Conference for Physicians and Other Providers*
Arizona State University SkySong - Scottsdale, AZ

Thursday - Saturday
November 3rd - 5th, 2022

<https://lacted.org/shop/phoenix2022/>

* Other providers include physician assistants, nurse practitioners, midwives, and dentists

Join us for IABLE's 4th annual Clinical Breastfeeding Medicine Conference for Physicians and other Providers! This innovative conference is taking a new approach - call it Journal Club on Steroids! Our in-person attendees will meet in small groups to discuss 1 of several research articles. After reviewing and discussing their papers, the groups will each have 30 minutes to highlight what they've learned and what they want their colleagues to know. This is an opportunity to share critical thinking skills and create fun ways to share new information.

On our last morning, we look forward to a workshop on healing perinatal trauma with narrative medicine, and a history of medicine lecture focused the historical origins of breastfeeding myths.

We end each day at approximately 3:30pm so we have time to catch up with family, work, exercise, socialize, or rest up for the fun social events each evening!

Our in-person attendance is currently limited to 50, so we encourage you to plan ahead. And of course a webinar option is available.

Join us to have a blast, learn from each other, and relax!

Conference Location

1475 North Scottsdale Road, Room 201
Scottsdale AZ

Accreditation

Accreditation has been applied for through the American Academy of Family Physicians for CMEs, and through the International Board of Lactation Consultant Examiners for CERP.

Arizona State University SkySong

IABLE is a 501c3 nonprofit membership organization, dedicated to the creation of Breastfeeding Knowledgeable Medical Systems and Communities.

Elevating breastfeeding knowledge in medical systems and communities is a first step in providing optimal outpatient breastfeeding support for families.

Even if you are not breastfeeding you can come.
If you are breastfeeding, of course you should be joining us.
That means you will likely have a young one in tow. No worries!
If you are lactating sans infant, we will have a lactation room available.
